

Pioneering sashless windows for flexibility of design

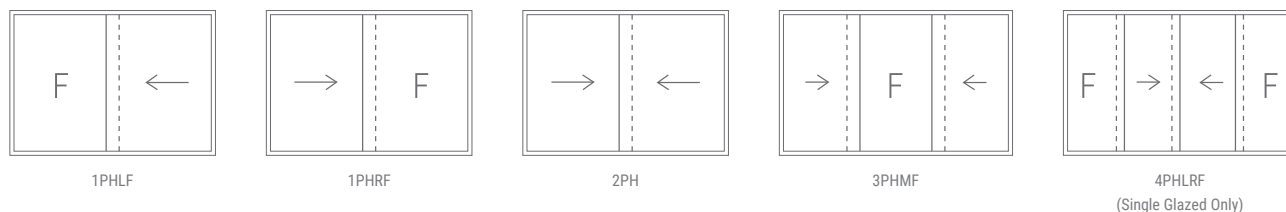

Our horizontal sliding sashless windows deliver flexibility of design, cooling ventilation, natural light and external views. They're the perfect highlight window where you want privacy from neighbours. They're great behind kitchen cooktops as a splashback which also provides ventilation, and down at floor level for an eye-catching glimpse outside. With a large range of horizontal configurations including multi pane, single, double glazed and thermally broken options, there's sure to be one to suit your needs.

Our thermally broken Thermologic Topaz sliders enable you to not only reach new building requirements, but also save you money on your energy bills in the long term.

THE BENEFITS

- Unobtrusive handles and excellent locking systems
- Full protection from the elements
- Bushfire resistant to BAL 29
- Unobstructed views

ABOUT US

With over 40 years' experience in the window industry, Jewel Sashless Windows delivers a wealth of knowledge and a passion for innovation.

In Victoria, we supply our sashless windows with a full installation service. We also offer sashless window kits, which can be easily installed by fabricators, cutting out the middle man and allowing full control of schedules and costs.

Being a small, 100% Australian owned and operated business, we pride ourselves on our quality and service, working with our customers to ensure beautiful, functional results every time.
